

## Our bestseller worldwide

You are looking for

- a matrix for most posterior and extra large molars, **without blood inside the cavity** and **without annoying regrinding?**
- a fast solution for **children?**
- a solution for **very deep subgingival caries?**

Dr. Walser Dental 

**BEST OF 2020**

### We have the solution for you!

Our bestseller worldwide – **The complete set of 25 Walser® matrices**

Request your bestseller today on [www.walser-dental.com](http://www.walser-dental.com) and benefit from the many advantages of the complete set of Walser® matrices, like dentists in more than 120 countries worldwide!

## Winner of the Industry Award

You need matrices for one-sided deep caries in the molar and premolar region? **We have!**

The winners of the industry award 2013, matrices **#10c** and **#6c** have 5 mm band height on one side and 8 mm on the other side. No more makeshift extension, no more individual cutting!

Even in case of one-sided deep caries the general rule with Walser® is:

**One grip. Click. Fits.**

Winner of the Industry Award:  
Walser® matrices for one-sided deep caries

## Ideal matrices for children

**Make your small patients feel happy!**

In the treatment of two surface restorations and available interdental space, the X-shape matrix brings a relief – especially with children.

Since with **#1** and **#13**, **two fillings** on neighbour teeth **can be made simultaneously**.

In case of MOD fillings the **O-shape** matrices **#5**, **7**, and **25** are particularly suitable.

## Our present as a cordial thanks for you

Do you know the many testimonials on our webpage where your colleagues from around the world report on their positive experiences with Walser® matrices?

Are you one of the many dentists who recommend our Walser® matrices so that your colleagues are enthused by Walser® matrices, too, like tens of thousands of dentists in more than 120 countries worldwide?

**Send us your testimonial, too,** and/or ask your colleague to let us know about your recommendation, when ordering the first set of Walser® matrices.

**As a thankyou we send you a special matrix #13 for children free of charge with your next order.**

**Tens of thousands of dentists in more than 120 countries worldwide work with WALSER® Matrices and that number increases every day...**
